

## WALL OUTLETS, GRILLES AND CEILING VALVES

VentWise offer a wide range of air terminals for air extracted from or supplied to a dwelling. They are available in a number of designs and in several materials and colours

### GRAVITY OUTLETS

CODE	DESCRIPTION	
GO100	Gravity Outlet 100mm Round Spigot	Suitable for fitting as an outlet to ducting connected to a cooker hood or fan. The self-closing flaps prevent back-draught. Available in 4 colours: Brown, White, Terracotta and Beige.
GO125	Gravity Outlet 125mm Round Spigot	
GO150	Gravity Outlet 150mm Round Spigot	
GO11054	System 110 Rectangular Gravity Outlet	

### LOUVRED GRILLES

CODE	DESCRIPTION	
LG100	Louvred Grille 100mm Round Spigot	Can be fitted internally or externally offering low air resistance but with no back-draught prevention. Available with and without flyscreen. Available in 4 colours: Brown, White, Terracotta and Beige.
LGFS100	Louvred Grille 100mm Round Spigot & Flyscreen	
LG125	Louvred Grille 125mm Spigot	
LGFS125	Louvred Grille 125mm Spigot & Flyscreen	
LG150	Louvred Grille 150mm Round Spigot	
LGFS150	Louvred Grille 150mm Round Spigot & Flyscreen	
LG11054	System 110 Rectangular Louvred Grille	
LGFS11054	System 110 Rectangular Louvred Grille with Flyscreen	

### COWLED OUTLETS WITH BACK-DRAUGHT SHUTTER

CODE	DESCRIPTION	
CO100	Cowled Outlet 100mm Round Spigot	For use on external, particularly on exposed walls. The cowl gives good protection against wind and rain. The back-draught damper prevents air from returning into the dwelling. Available in 4 colours: Brown, White, Terracotta and Beige.
CO125	Cowled Outlet 125mm Round Spigot	
CO150	Cowled Outlet 150mm Round Spigot	
CO11054	System 110 Rectangular Cowled Outlet	

### ROUND GRILLES

CODE	DESCRIPTION	
RGFS100	100mm Round Grille & Flyscreen	For use internally or externally. Available with flyscreen and in 2 colours: Brown and White.
RGFS125	125mm Round Grille & Flyscreen	
RGFS150	150mm Round Grille & Flyscreen	

### AIRBRICKS

CODE	DESCRIPTION	
AB 110	System110 Rectangular Louvred Airbrick	Airbricks are designed to fit in the same space as a brick on an external wall. They fit flush for a neat appearance. Available in 4 colours: Brown, White, Terracotta and Beige.
AB 204	System204 Rectangular Louvred Airbrick	

### CEILING VALVES

CODE	DESCRIPTION	
EVM100	100mm Metal Ceiling Extract Valve	Usually installed in the ceiling with a multi-extract system to balance the airflow effectively. Available in White.
EVM125	125mm Metal Ceiling Extract Valve	
EVM150	150mm Metal Ceiling Extract Valve	
EVM200	200mm Metal Ceiling Extract Valve	

CODE	DESCRIPTION	
EVP100	100mm Plastic Ceiling Extract Valve	Usually installed in the ceiling with a multi-extract system to balance the airflow effectively. Available in White.
EVP125	125mm Plastic Ceiling Extract Valve	
EVP150	150mm Plastic Ceiling Extract Valve	
EVP200	200mm Plastic Ceiling Extract Valve
